### **Uretero-Pelvic Junction (UPJ) Obstruction.**

<https://obimages.net/wp-content/uploads/2016/01/UPJ1.mp4>

Above. UPJ Obstruction.

**[Back to Top](#)**

### **Duplex Kidney and Ureterocele.**

<https://obimages.net/wp-content/uploads/2016/01/DCS1.mp4>

Above. Duplex Kidney and Ureterocele.

**[Back to Top](#)**

### **Posterior Urethral Valves (PUV).**

<https://obimages.net/wp-content/uploads/2016/01/PUV1.mp4>

Above. PUV.

<https://obimages.net/wp-content/uploads/2016/01/PUV2.mp4>

Above. PUV.

<https://obimages.net/wp-content/uploads/2016/01/PUV3.mp4>

Above. PUV.

<https://obimages.net/wp-content/uploads/2016/01/PUV4.mp4>

Above. PUV.

<https://obimages.net/wp-content/uploads/2016/01/PUV5.mp4>

Above. PUV.

### **In Utero Treatment of Posterior Urethral Valves (PUV)**

<https://obimages.net/wp-content/uploads/2015/11/2finalPUV.mp4>

Above. This video demonstrates an obstructed fetal bladder due to Posterior Urethral Valves (PUV) and fetoscopic fulguration of PUV to decompress this lower urinary tract obstruction.
